Appendices

Appendix 1  Buildings Designated For Conservation

Appendix 2  Fire Safety Requirements For Chemical and Hazmat Warehouses

Appendix 3  Fire Safety Requirements For Buildings Under Construction

Appendix 4  Fire Safety Requirements For General Warehouses

Appendix 5  Fire Safety Requirements For Fully Automated Mechanised Car Park (FAMCP)

Appendix 6  Notes On The Use Of Intumescent Paints For Protection To Structural Steel Members Of Buildings

Appendix 7  Structural Loading of Fire Engine on Accessway

Appendix 8  Additional Fire Safety Requirements For High-rise Residential Building

Appendix 9  Water Supply Requirements For Fire Fighting

Appendix 10  Fire Safety Requirements For Petroleum Service Station

Appendix 11  Fire Safety Requirements For Containment Facility (BIO – Safety Level 3/4)

Appendix 12  Fire Safety Requirements For Liquefied Petroleum Gas (LPG) Cylinder Installations
Appendix 13  Certification of Regulated Fire Safety Products/Materials

Appendix 14  Temporary Worker’s Quarters in Uncompleted Buildings on Construction Sites

Appendix 15  Fire Safety Requirements For Ductless Jet Fans Systems in Car Parks

Appendix 16  Fire Safety Requirements For Determination of Design Fires For Industrial Premises

Appendix 17  Fire Safety Requirements For Lift Rescue

Appendix 18  Fire Safety Requirements For Persons With Disabilities

Appendix 19  Fire Safety Requirements on Using Lifts For Evacuation of Building Occupants During Emergency

Appendix 20  Restriction On Use Of Flammable Refrigerants Scope

Appendix 21  Fire Safety Requirements For Mega Underground Developments

Appendix 22  Provision of Exit and Directional Signs in Buildings

Appendix 23  Fire Safety Requirements For Building Under Maintenance /Refurbishment
